TACOS

DID YOU KNOW?

The word "taco" comes from the Nahuatl word "tlahco," meaning "half" or "in the middle," reflecting how the dish is constructed.

Traditionally, tacos use soft corn tortillas, which are pliable and enhance the flavors of the fillings. In contrast, hard tacos are a Tex-Mex creation, featuring crispy, pre-fried shells that offer a different texture.

BURRITOS

A burrito is a delicious

Mexican creation that wraps a world of flavors in a soft flour tortilla! Originating from the northern city of Juárez, the name "burrito" means "little donkey" in Spanish, possibly because these tasty rolls carry a lot of ingredients, just like a donkey carries its load. Traditionally, burritos are filled with a delightful mix of rice, beans, meats, cheese, and fresh veggies, making them a hearty meal perfect for any time of day.
